We need the following connections at our stand:

No outlet

Sockets

(230V light current)

10A = 2.2 KW = € 96.34 per socket No. _____

16A = 3.5 KW = € 153.27 per socket No. _____

High-voltage sockets

(400V high-voltage current)

10A = 7.5 KW = € 302.40 per high-voltage socket No. _____

16A = 10.5 KW = € 411.29 per high-voltage socket No. _____

32A = 20 KW = € 667.80 per high-voltage socket No. _____

63A = 40 KW = € 1104.80 per high-voltage socket No. _____

We have our own electric power distributor with high-voltage plug yes no

We need protection for more than **63A** (on request!) yes no

Water:

We need the following connections at our stand:

Water 1 water supply and 1 drain including consumption = € 205.00 No. _____

Compressed Air:

We need the following connections at our stand:

Compressed air 1 compressed air supply including consumption = € 205.00 No. _____

Wireless LAN (Internet access):

We need the following connections at our stand:

W-LAN small Download 2 Mbps/upload 768 kbps = € 180.00 ... No. _____

W-LAN plus Download 4 Mbps/upload 1536 kbps, incl. your own IP address = € 260.00 ... No. _____

W-LAN hourly package 3 prepaid codes for 30 minutes each, package price = € 15.00 ... No. _____

Telephone:

We need the following connections at our stand:

Analogue telephone line 1 connection (exclusive of calls) = € 145.00 No. _____

ISDN telephone line 1 connection (exclusive of calls) = € 359.00 No. _____

**For details on technical connections, please see reverse.
Please enter the desired position of connections in the plan on the reverse.**

Enter the desired position for your connections:

S for electric power, W for water, T for telephone, D for compressed air

Model plan

Electric Power Supply:

Service connection and consumption will be invoiced in a lump sum amount. Service connection (standard installation) is provided at **one location** in the option you ordered (earthed connection 230V, or CEE connection 400V, or a complete distributor). Installation of the service connection at a specific place is ensured only if the connection plan is returned in time. The exhibitor is responsible for all other installations from the connection socket(s) or distributor or within the stand. He must ensure that all installations are made by **qualified** technical personnel. Special connections (e.g. direct connection or frequency converter-controlled machines with special needs with regard to fault current circuit breakers) will be realised by external technical personnel and invoiced **directly** by that company. **Please note: Ordered and actual connection wattage will be checked by our electrician during the fair. Any refitting for higher voltage or additional sockets performed after the requested installation is provided will be invoiced separately based on actual labour and materials. We therefore kindly ask you to precisely check the amount of electric power consumption and connections you need.**

Compressed Air / Water:

Service connection and consumption (fair use) will be invoiced in a lump sum amount. Compressed air and/or water service is provided at one location and includes compressed air and/or water supply and water removal. **One** connection (e.g. water tap) is also included. Installation of the service connection at a specific place is ensured only if the connection plan is returned in time. Any additional devices can be connected by our personnel on request (hourly rate € 73.50). **Please note: Any refitting after the requested standard installation is provided will be invoiced separately based on actual labour and materials. We therefore kindly ask you to precisely check whether you require compressed air and/or water supply.**

Wireless LAN:

Connection and designated data volume for W-LAN for the duration of the fair is included in the lump sum price.

W-LAN small: Download 2 Mbps / upload 768 kbps
 W-LAN plus: Download 4 Mbps / upload 1536 kbps, incl. your own IP address
 W-LAN hourly package: 3 prepaid codes for 30 minutes each, package price

Telephone (analogue or ISDN):

Service connection will be invoiced in a lump sum amount. Telephone service is provided at **one location per stand**. Installation of the service connection at a specific place is ensured only if the connection plan is returned in time. The exhibitor is responsible for all other installations and extensions at the stand. Telephone use will be invoiced separately at € 0.02/unit. **Please note: Any refitting after the requested standard installation is provided will be invoiced separately based on actual labour and materials. We therefore kindly ask you to precisely check whether you require additional telephone connections.**

Please calculate your total desired wattage.

up to	4.9 KW	€ 43.79/KW
from	5 KW	€ 43.16/KW
from	7 KW	€ 40.32/KW
from	10.5 KW	€ 39.17/KW
from	15 KW	€ 36.75/KW
from	20 KW	€ 33.39/KW
from	25 KW	€ 32.24/KW
from	30 KW	€ 27.62/KW
from	50 KW	€ 23.10/KW
from	100 KW	€ 18.27/KW

Example:

1 x socket 230V 10A	= 2.2 KW
1 x high-voltage socket 400V 10A	= 7.5 KW
	= 9.7 KW
	= 9.7 KW x € 40.32
	= € 391.10
